The majority of the Affordable Care Act (ACA) will be implemented by January 1st, 2014. This workshop provides valuable information needed to make educated healthcare decisions for your business.

Some of the questions and concerns to be addressed:
• How will ACA affect my business and my employees?
• What do I have to do to be in compliance with the law?
• Do I qualify for a health insurance tax credit?
• I own a small business. Am I required to provide health insurance for my employees?
• What is the penalty if I do not purchase health insurance?
• How will age affect the cost of my business health insurance?
• My employees can’t afford a $5,000 deductible. What are my other options for offering benefits?
